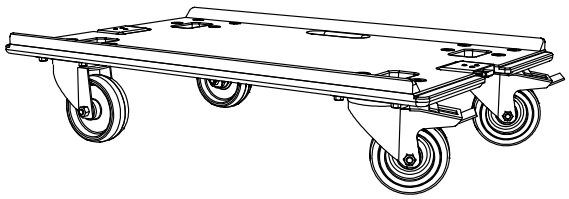
TWAUDIO®

FDB30 | Operating manual



Introduction

Thank you for choosing a high-quality product “MADE IN GERMANY” from the brand TW AUDiO.

The FDB30 dolly is an accessory for the B30, VERA S30 or T24N loudspeaker.

This accessory set is characterized by a subtle look, a remarkable size to weight ratio and ease of use.

If you lend your product to another party, inform that party of the safety-related operating procedures and hand over this assembly guide. If you require additional copies of this manual, you can obtain them free of charge from TW AUDiO or download them from www.twaudio.de

Instructions in this user manual

Strictly adhere to the instructions contained in this operating manual that are marked as follows:

This symbol in combination with the signal word “Warning” identifies a potentially hazardous situation. Failure to comply with this safety instruction can lead to serious injury or even death.

This symbol in combination with the signal word “Caution” identifies a potentially hazardous situation. Failure to comply with this safety instruction can lead to light or moderate injury.

This symbol in combination with the signal word “Note” identifies a potentially hazardous situation. Failure to comply with this safety instruction can lead to product damage.

This symbol in combination with the signal word “Tip” identifies additional information or notes that will simplify working with TW AUDiO products on the basis of practical experience.

Notes on the products

Read manual before use!

Before using the device, carefully read the operating manual and keep it with the FDB30 dolly.

General information

Operation manual: OM-FDB30

1. Safety | Intended use

Please adhere to the following safety instructions to avoid risks when using accessories.

The FDB30 dolly was developed for professional use in sound systems. The dolly may only be used by trained and qualified personnel.

Note the operating modes described in this operating manual. Other uses are not permissible.

Damage caused by improper use is not covered by TW AUDiO.

Before each use, check the integrity of the FDB30 dolly and ensure that all components are in perfect condition.

The FDB30 dolly may only be used with the B30, VERA S30 or T24N loudspeaker.

These operating manual describe how to use the FDB30 dolly. Any other use shall be deemed improper and may result in damage or even injury.

Modifications or alterations to individual parts of the FDB30 dolly are not permitted! Danger to life!

The FDB30 is an accessory designed both for indoor and outdoor use.

The FDB30 dolly may only be used by trained and qualified personnel. Personnel must check the FDB30 for its full suitability before each use.

When visible damage to any part of the FDB30 dolly is detected, it must be decommissioned immediately.

When moving the FDB30 dolly, ensure full load-bearing capacity and stability of the substrate.

The FDB30 dolly is specified for a load of not more than one B30 or one VERA S30 or one T24N loudspeaker. This load capacity must never be exceeded!

During movement (assembly or dismantling, transport to the place of use) of the FDB30 dolly with the B30, VERA S30 or T24N loudspeaker, ensure sufficient space to prevent collisions with other objects.

2. Overview

2.1 Components

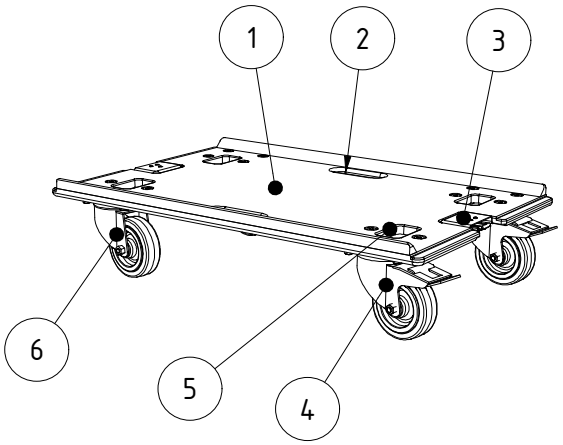

Figure 2.1 - Overview

1. Dolly - Surface Warnex textured paint
2. Handles (2 pieces)
3. Butterfly-Latch, middle (2 pieces)
4. 100mm castor with stopper (2 pieces)
5. Recesses for stacking the dollys (4 pieces)
6. 100mm castor without stopper (2 pieces)

3. Technical specifications

3.1 Data sheet

Maximum load capacity	1x B30 or 1x VERA S30 or 1x T24N
Dimensions (h x w x d)	700 x 440 x 150 mm [27.5 x 17.3 x 5.9 in]
Weight	7,4 kg [16 lbs]
Surface	Warnex textured paint

4. Commissioning

4.1 Using FDB30 dolly with B30 or VERA S30 loudspeaker

WARNING

Please note that two persons are always required to set up the FDB30 dolly with the B30 or VERA S30 loudspeaker!

WARNING

Place the B30 or VERA S30 loudspeaker sideways upright on the floor and position the FDB30 dolly so that the castors with stoppers are at the top.

Attach the FDB30 dolly to the B30 or VERA S30 loudspeaker using the butterfly latches.

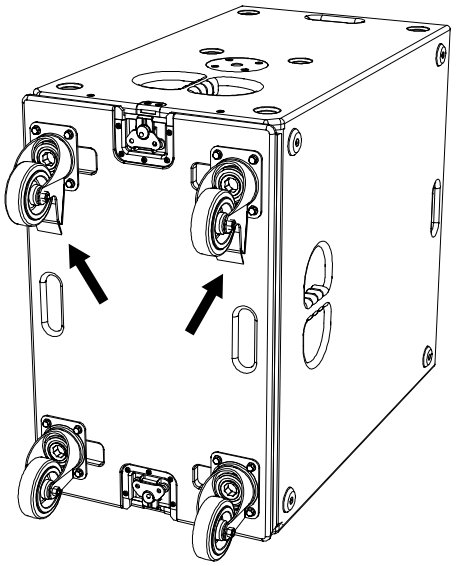

Figure 4.1.1 - Transport setup B30 or VERA S30 loudspeaker with FDB30

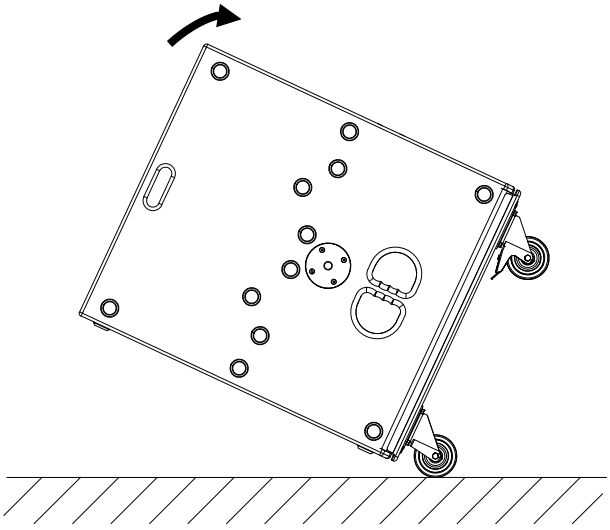

Figure 4.1.2 - Put up the B30 or VERA S30 loudspeaker with FDB30

WARNING

Move the transport setup longitudinally to avoid overturning during transport.

When moving the FDB30 dolly transport assembly with the B30 or VERA S30 loudspeaker, note that there is a risk of tipping due to the high center of gravity.

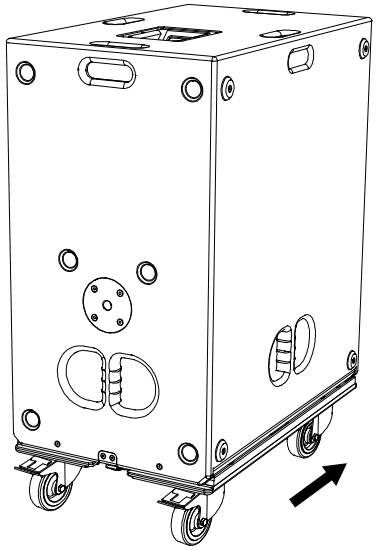

Figure 4.1.3 - Moving B30 or VERA S30 loudspeaker with FDB30

TIP

The FDB30 dolly can be stacked for storage. For this purpose, recesses (see figure 2.1 - Pos.5) are provided in the dolly (see figure 2.1 - Pos.1).

WARNING

When moving the stacked FDB30 dolly, note that there is a risk of tipping on each individual FDB30 dolly.

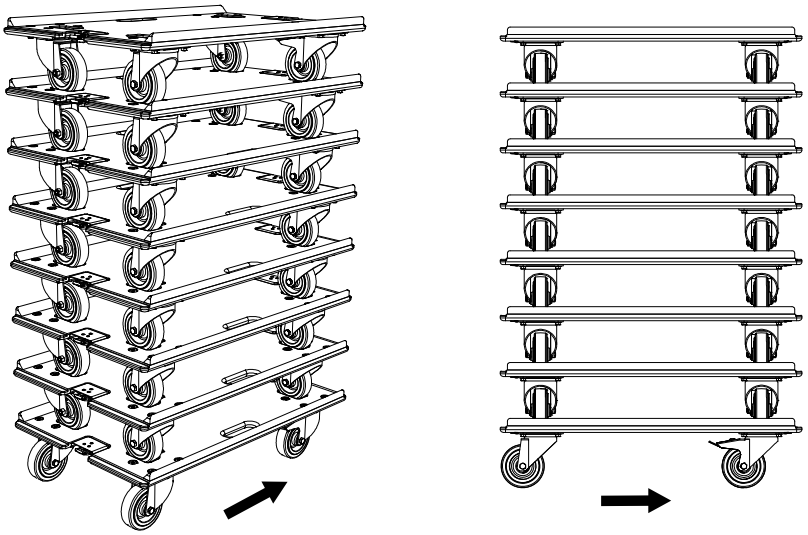

Figure 4.1.4 - Stacking the FDB30 dolly

4.2 Using FDB30 dolly with T24N loudspeaker

WARNING

Please note that two persons are always required to set up the FDB30 dolly with the T24N loudspeaker!

WARNING

Place the T24N loudspeaker on the floor and position the FDB30 dolly so that the castors with stoppers are at the top.

Attach the FDB30 dolly to the T24N loudspeaker using the butterfly latches.

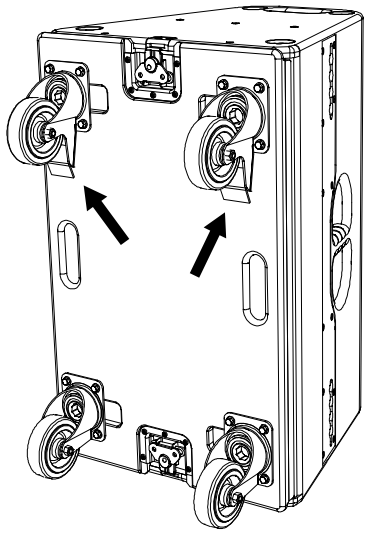

Figure 4.2.1 - Transport setup T24N loudspeaker with FDB30

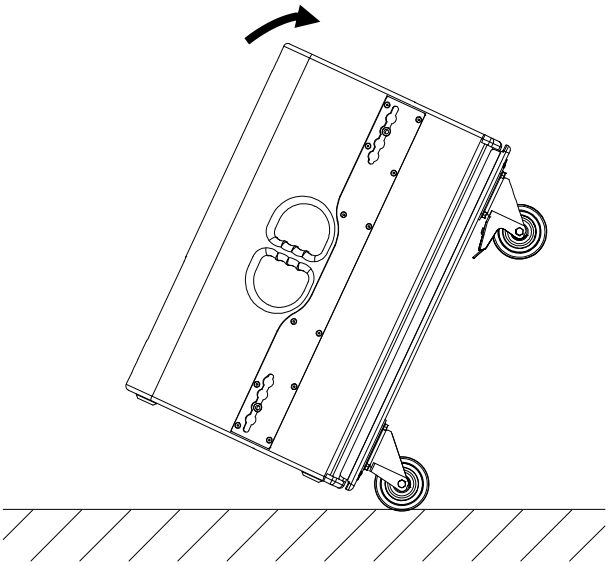

Figure 4.2.2 - Put up the T24N loudspeaker with FDB30

WARNING

Move the transport setup longitudinally to avoid overturning during transport.

When moving the FDB30 dolly transport assembly with the T24N loudspeaker, note that there is a risk of tipping due to the high center of gravity.

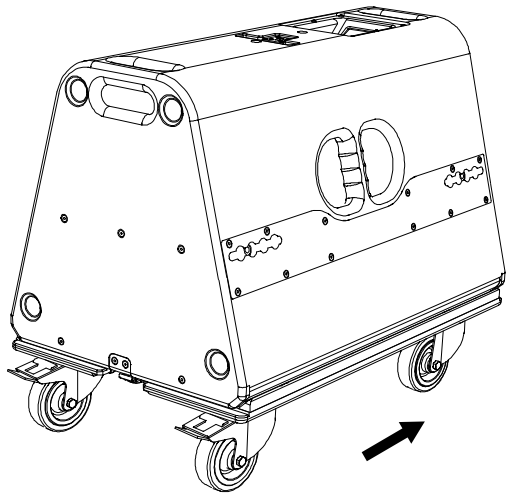

Figure 4.2.3 - Moving T24N loudspeaker with FDB30

TIP

The FDB30 dolly can be stacked for storage. For this purpose, recesses (see figure 2.1 - Pos.5) are provided in the dolly (see figure 2.1 - Pos.1).

WARNING

When moving the stacked FDB30 dolly, note that there is a risk of tipping on each individual FDB30 dolly.

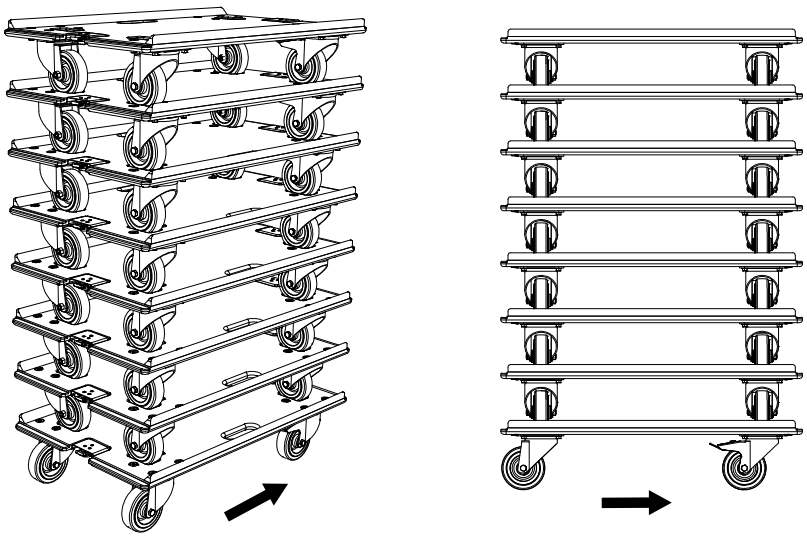

Figure 4.2.4 - Stacking the FDB30 dolly

5. Transport and Storage

NOTE

Ensure that the surface of the dolly is not damaged during transport and storage. Moisture can penetrate through exposed wood surfaces and cause the wood to swell.

This is why the product should be transported in a safe, careful, dry and largely dust-free manner.

The following transport and storage accessories are available from TW AUDiO:

- CoverB30 (Protective cover)
- CoverT24 (Protective cover)

The original packaging is unsuitable as permanent storage and transport packaging.

6. CE Conformity Declaration

Copy and translation of the original CE Conformity Declaration:

We hereby declare that the below-referenced components by virtue of their design and construction, and in the configuration placed on the market by us, satisfy the safety and health requirements of the applicable EC directives. This declaration becomes invalid in case of modifications that have not been approved by us.

This declaration applies to the following components

• FDB30

as well as all model variants based on these, provided that they correspond to the original factory models and have not been technically modified in any way.

Applicable directives:

• 2001/95/EG

Applicable national standards and technical specifications:

• DIN EN ISO 12100
• DGUV Vorschrift 17 und 18

Berlin, Germany, January 1st, 2021

Bernhard Wüstner

7. Disposal

If you have any question regarding the disposal of used devices, please contact us under the following telephone number:

+49 (0) 71 41 - 48 89 89 0

In countries outside of the European Union, comply with local regulations.
