

TWAUDIO®

# QBM12i

## Assembly Instructions

## Introduction

Thank you for choosing a high-quality product “MADE IN GERMANY” from the brand TWAUDiO.

The swivel bracket QBM12i is an accessory for the M12i loudspeaker.

It is characterized by a subtle look, a remarkable size to weight ratio and ease of use.

If you lend your product to another party, inform that party of the safety-related operating procedures and hand over this assembly guide. If you require additional copies of this manual, you can obtain them free of charge from TWAUDiO or download them from [www.twaudio.de](http://www.twaudio.de)

### Instructions in this user manual

Strictly adhere to the instructions contained in this operating manual that are marked as follows:

This symbol in combination with the signal word “Warning” identifies a potentially hazardous situation. Failure to comply with this safety instruction can lead to serious injury or even death.

This symbol in combination with the signal word “Caution” identifies a potentially hazardous situation. Failure to comply with this safety instruction can lead to light or moderate injury.

This symbol in combination with the signal word “Note” identifies a potentially hazardous situation. Failure to comply with this safety instruction can lead to product damage.

This symbol in combination with the signal word “Tip” identifies additional information or notes that will simplify working with TWAUDiO products on the basis of practical experience.

## Notes on the products

**Read manual  
before use!**

Before using the device, carefully read the assembly instructions and keep it with the QBM12i swivel bracket.

## General information

## 1. Safety | Intended use

Please adhere to the following safety instructions to avoid risks when using accessories.

The QBM12i swivel bracket was developed for use in professional sound systems. The swivel bracket may only be used by trained and qualified personnel.

Note the operating modes described in this assembly instructions. Other uses are not permissible.

Damage caused by improper use is not covered by TWAMBO.

**WARNING**

Before every operation, check the scope of delivery of the QBM12i swivel bracket for its completeness and ensure that all parts are in perfect condition.

The scope of delivery includes specified components. Only use the recommended and certified components.

**WARNING**

The QBM12i swivel bracket may only be used with the M12i loudspeaker.

This rigging manual describes how to use the QBM12i swivel bracket correctly. Any other use shall be deemed improper and may result in damage or even injury.

Modifications or alterations to individual parts of the QBM12i swivel bracket are not permitted! Danger to life!

**CAUTION**

The QBM12i swivel bracket is designed both for indoor and outdoor use.

**WARNING**

The QBM12i swivel bracket may only be used by trained and qualified personnel. Personnel must check the QBM12i swivel bracket for suitability before each use.

**WARNING**

The QBM12i swivel bracket must be taken out of operation immediately as soon as visible damage to the parts can be seen.

**WARNING**

Please keep all elements of the QBM12i swivel bracket away from children! The small parts can easily be swallowed and lead to suffocation!

**WARNING**

The payload of the QBM12i swivel bracket is designed of one M12i loudspeaker. Do not exceed this payload.

**WARNING**

Before mounting the QBM12i swivel bracket check that e.g. ceilings, walls are capable to carrying the payload of the components.

**WARNING**

Make sure that no water pipes, electrical lines or any other lines are behind the intended place of mounting.

**WARNING**

Only use wall plugs and screws which are suitable for the intended mounting and structural fabric. All screws must be set and tightened properly. Ensure that the fixing holes have the correct depth and diameter. Always use all fixing holes.

**WARNING**

When moving (assembling, dismantling, maintaining) the QBM12i swivel bracket with M12i loudspeaker, ensure sufficient space to prevent collisions with other objects.

**CAUTION**

Do not squeeze or twist the electrical cables of the M12i loudspeaker during the installation of the QBM12i swivel bracket! The respective national electrotechnical rules and regulations are applicable.

**WARNING**

All screw connections should be checked each time the QBM12i swivel bracket are installed. Tighten all loose screws. If this is no longer possible, the screws must be replaced.

## 2. Overview

### 2.1 Components

**Figure 2.1 - Overview**

- |    |                             |          |
|----|-----------------------------|----------|
| 1. | Hexagon screw M10 x 20..... | 2 pieces |
| 2. | Washer (metal).....         | 2 pieces |
| 3. | Rubber break washer .....   | 2 pieces |
| 4. | Swivel bracket QBM12i.....  | 1 piece  |

### 3. Technical data

#### 3.1 Data sheet

Maximum load capacity	1x M12i
Dimensions (h x w x d)	280 x 650 x 50mm [11.02 x 25.59 x 1,97 in]
Weight	3,0kg [6.6 lbs]
Surface	Powder-coated

## 4. Commissioning

### 4.1 Setup

The QBM12i swivel bracket is designed for hanging operation. TW AUDiO provides a wide range of accessories to securely attach the swivel bracket.

Please note that setting up the system structures always requires two persons!

TW AUDiO recommends using only the accessories specified by TW AUDiO for securing and mounting loudspeakers.

### 4.2 Preparation M12i loudspeaker

Please note that when the M12i loudspeaker is delivered, a countersunk screw is included in all M10 threads because of production reasons.

Before installing the swivel bracket, remove the countersunk screws from the M10 threads that are required.

To do this, follow these steps:

1. Carefully carve the textured paint with a cutter knife on the edge of the countersunk screws. Be careful not to damage the remaining textured paint on the loudspeaker.
2. Then remove the countersunk screws using the torque wrench and the Torx TX50 bit insert.

## 4.3 Needed tools for setup

Have the following tools ready for each setup:

- Cutter knife
- Torque wrench
- Bit inserts for torque wrench: TX30 and TX50
- Open-end wrench SW17

## 4.4 Wind load

**WARNING**

Before setting up the system outdoors, consider unexpected wind conditions at the operation site!

Disassemble your system immediately when wind speeds exceed 8bft (34 to 40kn / 62 to 74kph / 38.5 to 46mph) and secure the system components!

Make sure that there are no persons in the immediate vicinity of the system structure!

**WARNING**

Make sure that the system structures are not operated over the audience at wind speeds in excess of 6bft (22 to 27kn / 39 to 49kph / 24.2 to 30.45mph) and that there are no persons in the immediate vicinity of the system structure!

**4.5 Assembly QBM12i to loudspeaker**

Mount positions 1 to 3 (see figure 2.1) on both sides as shown in figure 4.4. Note that at pos.4 (see figure 2.1) one of the side holes is used.

**Figure 4.5 - Assembly QBM12i to M12i loudspeaker**

**4.6 Assembly QBM12i swivel bracket to ceiling or wall**

Attach the QBM12i swivel bracket to the ceiling or wall by using all three holes located on the crossbar. Make sure that you use suitable fastening material and that the connections are set firmly and correctly!

**Figure 4.6 - Assembly QBM12i with M12i to ceiling**

## 5. Transport and storage

**NOTE**

When transporting and storing the unit, it is important to ensure that the surface of the swivel bracket are not damaged. Moisture can penetrate where steel surfaces are exposed by scratches and result in corrosion.

In addition, appreciable dust deposits may considerably impair the functionality of a loudspeaker membrane. For this reason, the loudspeakers should be transported and stored in a safe, careful, dry and largely dust-free manner.

The following accessory parts for the swivel bracket are available from TWAUDiO:

- Hexagon screw M10 x 20
- Washer (metal)
- Rubber break washer

The original packaging is unsuitable as permanent storage and transport packaging.

## 6. CE Conformity Declaration

Copy and translation of the original CE Conformity Declaration:

We hereby declare that the below-referenced components by virtue of their design and construction, and in the configuration placed on the market by us, satisfy the safety and health requirements of the applicable EC directives. This declaration becomes invalid in case of modifications that have not been approved by us.

**This declaration applies to the following components**

- QBM12i

as well as all model variants based on these, provided that they correspond to the original factory models and have not been technically modified in any way.

**Applicable directives:**

- 2001/95/EG

**Applicable national standards and technical specifications:**

- DIN EN 18 800
- DIN EN ISO 12 100
- DGUV Vorschrift 17 und 18

Berlin, Germany, January 1st, 2021

Bernhard Wüstner

## 7. Disposal

If you have any question regarding the disposal of used devices, please contact us under the following telephone number:

+49 (0) 71 41 - 48 89 89 0

In countries outside of the European Union, comply with local regulations.
